

### **Come, My Precious One**

**When a loved one dies, it's a sad time,  
Because they're no longer in your view.  
You're unable to see their smiling face  
Or watch the things they do.**

**Jesus is the key to life on earth. He is the only way.  
Choose him and you can live again or if not then walk away.**

**Our Father calls us all by name.**

**He says, "Come, My Precious One."**

**God wants us all to live again. That's why he sent his son.  
Please don't cry or ask God why your loved one had to die.  
Death is the door to so much more. It's really not good-bye.**

**In God's time you'll unite again. All the pain will disappear.  
You see, death is love turned inside out and God is always near.**

**Your loved one walks the streets of gold  
While angels sing their praise.**

**Jesus opens up his arms showing now are better days.**

**Hold on to memories you both shared  
And at night when you want to cry,  
Remember the soul lives with God above.  
It's the body that had to die.**
