

Don't Give Up Hope

**When the path ahead is dark and you're feeling all alone.
Don't give up hope. I have not left.
Believe and come on home!**

**I love you, child. I'm always there. I'll never leave your side.
Trust your heart. Be not afraid.
Let me dry the tears you've cried.**

**Your past is gone. Let go the pain. I made this day for you.
Behind the clouds a rainbow waits.
Hold on I'll see you through.**

**Love each day. Laugh each day. The sun will shine again.
The pain is there to help you grow -
Now let this day begin!**
