

### **He's Preparing You**

**Life will be hard and there'll always be pain,  
But when you trust in God above,  
You'll see is arms will protect your soul  
With His undying love.**

**There's so much still in store for you.  
There are sunny days ahead.**

**Keep looking up. There's always hope.  
Remember God's not dead!**

**He's preparing you for better things,  
But He had to make you strong.  
You see, Satan steals the souls of men  
And that's not where you belong.**

**Life can be hard, but please believe -  
God knows you inside out.**

**He loves you and won't let you go.  
That's what grace is all about.**

**Be strong in Christ. He has your back.  
Only His love can see you through.  
The next time that you face a trial,  
Never forget that He loves you.**
