

## **His Name Is Jesus**

**No one understands your pain. Then again... there may be one.  
It's the story of a man on earth that I heard when I was young.  
I'm told he had the kindest heart and he made his family proud.  
As he told the world his life he'd give - never boastful never loud.  
His name is Jesus and he died for you just like he died for me.**

**Then 3 days later he rose again for all the world to see.**

**He now sits at the Father's right hand**

**And as he watches from above,**

**He sends the world a message that is filled with all his love.**

**He died so we can live again. He lived to set us free.**

**With a humble heart and 3 loving words he says,**

**"Come unto me!"**

**Jesus! Jesus! We come to you on this blessed Easter Day.**

**Thank you for loving us more than life and taking our sins away.**
