

## **I Will**

**I will be your light through darkness.**

**I will catch you when you fall.**

**I will heal the wounds you suffer.**

**I will be there when you call.**

**I will hold you when you cry.**

**I will dry your every tear.**

**I will take this pain you bear.**

**I will comfort all your fears.**

**BUT there's one thing I won't do**

**No matter if you plea,**

**I'll never stop my love for you**

**Regardless of your love for me.**

**Remember all that I have said**

**For I will love you to the end.**

**When death comes, I'll give you life**

**And then I'll start it all again!**
