

## **Our Flag**

**“One Nation under God,” these words are oh so true.  
Some may try to remove God, but it’s not what they can do.  
They may one day take Him out of this phrase,  
But they’ll never take Him away.**

**You see, God created everything on earth.**

**“Even them,” I’d like to say!**

**“The Pledge of Allegiance to Our Flag,” was written long ago.  
It stood for a nation united by God  
No matter where they chose to go.**

**The flag represents and honors those who died for you and me.  
They gave their lives to protect our land so that we could be free.**

**The stars are the military who fight everyday.**

**The red stripes are the blood that they shed.**

**The white stripes represent God cradling our lives,  
While the whole flag honors those who are dead.**

**Now let us join hands and in one voice**

**May we unite as one big nation.**

**Keep looking up and trust in God.**

**Have a blessed July 4th celebration.**
