

**Please Rescue Me**

**In the quiet I feel you with me.  
Through my tears, I see your face.  
You give me hope when the world crashes 'round me  
and through life's trials you offer grace.  
You are my Light in the darkest hours.  
You are the calm on a raging sea.  
When it is storming, you are my rainbow.  
Oh God, my Father, please rescue me.  
There's such a void without your presence  
and so many struggles that I go through.  
Satan is trying to destroy my being,  
but I know I can run to you.  
Jesus, please... wrap your arms around me.  
Give me strength to endure this day.  
The road ahead is filled with sorrow  
and I'm afraid I will lose my way.  
I know that one day I will see the blessing.  
I know in time this pain will end.  
Thank you, Jesus, for being with me.  
You are my Savior, my closest Friend.**
