

The Soul Lives

**God loves all his children
and would never destroy
the very life he planted
to bring years full of joy.**

**When a young life is taken
and you cannot understand,
put your trust in the Father
and let him take your hand.**

**God will give you the strength
and stay by your side.
Remember the soul lives
and it's the body that died.**

**Our body's are only shells
that the world can see,
but our souls live up in heaven
with God eternally.**
