

Who

What

Where

When

How

Here are 5 little angels sent to watch over you.
 It doesn't make a difference where you go or what you do.
 They'll be there to remind you of the things you should say,
 When all words escape you and your thoughts go astray.
 Who, what, why, when and how much do you need?
 Choose these words wisely if you want to succeed.
 Then shake hands and say, "Thank you"
 With a big smile on your face
 As you turn and you exit on your way to share grace.
 You'll be just like Santa Claus who comes back every year
 Carrying gifts of the heart
 And giving warmth with good cheer.

Thank you so much for all that you do.
 You taught us by example
 and you became a friend, too!

God bless and keep you always!
