

A Special Blessing

**A very Merry Christmas and a Happy New Year!
As God is my witness, I am so glad you're here.
You are a special blessing that God has given me.
He has used you in ways the eye cannot see.
He may have used your smile to brighten up my day
Or maybe it was your presence, when I had lost my way.
A smile, a hug or encouraging word
Can help us know God's love.
An act of kindness from the heart
Sends blessings from above.
There me be days we do not talk
Or maybe even years,
But there is a bond God let us share
That keeps us always near.
My prayer for you and those you love
Is that you'll live and laugh each day.
Take time for hugs and show you care
Before life slips away.
Hold on to the meaning of Jesus' birth
When bright skies turn to gray.
Keep God in your heart. Stand the faith
And let no man take away.**
