

### God's Special Plan

A precious baby was born a long time ago  
in a manger filled with straw and what else we don't know.  
Mary called his name "Jesus". He was God's only son.  
He was sent here to save us from the world's evil one.  
While shepherds watch o'er their sheep in fields far away,  
Angels appeared and said that today was the day.  
Three Wiseman then traveled carrying gifts for a King  
Who would rescue the world from eternal suffering.  
Not many believed that it was God's special plan  
to come down to the earth and be born a man.  
The meaning of Christmas is to show us God's love  
and to remind us that one day we'll be with him above.  
No matter the trials you may face every day,  
remember Jesus loves you and he's leading the way.  
He will protect and hold you through all of the pain.  
Even though you don't see him, he will always remain.  
Let us celebrate the birthday of our Savior and King.  
Set aside all the presents and with loud voices let us sing -  
Happy Birthday, Precious Jesus! We raise our hands to honor you.  
Thank you for the love you give us. Thank you for the things you do.  
You came to earth so you could save us.  
You suffered more than words can say.  
We owe you our lives, most Precious Jesus.  
We send our love this Christmas Day.
