

Heaven's Angel

**I miss you so much, Honey. There's still a void within my heart.
Your time on earth was shortened. I never dreamed we'd be apart.**

**I know that you're with Jesus
and your soul is finally free,
But this pain I feel without you
overwhelms the best of me.**

**You were too young to go to heaven.
You should have grown up and married, too,
But I guess God needed you more
So he came and rescued you.
He kept you from all heartache,
all sickness and all pain.**

**In exchange He gave a one way ticket
So with Him you could remain.
I know how much God loves you
and I know one day I'll see
That heaven is where you belong
And it's in my destiny.**

**Please know how much I love you
And how much I miss you, too.
You were my angel sent from heaven
And now you're heaven's angel, too!**
