

My Precious Son

**What words can I tell you
So you'll know what's in my heart?
You're grown-up and have a family now.
It's what makes you set apart.
You are such a great daddy
And a great husband, too.
God answered my prayers,
When He created you.
You set a good example,
When you show others that you care.
Work may sometimes take you way,
But in your heart you're always there.
I'm so proud I got to be your mom
And I send my love today.
I thank God you are my precious son.
Have the Happiest Father's Day.**
