

### Remember Jesus

It's almost Christmas! What will you do?  
Will you do unto others as they do to you  
Or will you be Jesus and love with your heart -  
Forgetting the wrongs and letting evil depart?  
Christmas is a time of celebration and cheer.  
It's a time to give to others who are far and those near.  
Don't let Satan steal the meaning away.  
God gave us His son so let love lead the way.  
I know some of you are hurting and suffering great loss,  
Because when you love with your whole there's always a cost,  
'But' you must remember Jesus. He was born on this day.  
He lived and he died to take your pain away.  
Your loved one is alive and in Jesus' own care.  
Those who believe in Jesus will one day be there.  
So let's celebrate Christmas as we reach out our hand  
And be Jesus to others when we can't understand.  
Let's love and be thankful for intangible things  
And remember God loves us no matter what each day brings.  
To some I'm a stranger, but let me still say -  
Merry Christmas with love on this blessed Christmas Day!
