

Step Out of the Way

**When you're going through the fire...
When you're going through a storm...
When life's heartaches are all around you,
And they're starting to take form...
Be not afraid! God is with you.
He will see you through the pain.
Let Him wrap His arms around you
And be your Umbrella in the rain.
There is nothing tht God can't handle
And if you step out of the way,
He will protect you from Satan's arrows
Before they make you go astray.
Never fear what lies before you.
Don't look back on days now past.
When you walk with God beside you,
You'll find hope in things that last.
Now stand back and keep an eye on the outcome.
It's God's battle so there's nothing to fear.
Step out of the way and remember that God loves you.
When the fighting starts, be sure to stay clear!**
