

Take God's Hand

**Come walk with God and me so that you, too, will see.
He wants to talk with you,
But you need to let Him through.
Take down the wall you bear.
It's not getting you anywhere.**

**If you let God in your life, there still will be some strife,
But together you will see the road to your destiny.
There will be many sunny days
As God takes the rain away.**

**The very best part of all is whenever you start to fall,
He'll hold on tight to you
And prove His words are true.
You were created out of love
So you'd be with Him up above.**

**What do you say? Will today be your day?
God loves you, my friend. Now let your pain end.
Reach out! Take God's hand
And see all He has planned.**

Whatever you decide to do - God is waiting for you!
