

The New Year Is Here

**Have the happiest New Year everyone
Filled with love from God's precious son.
His name is Jesus and he's with you today.
He'll be there tomorrow so don't walk away.
There still will be trials. There still will be pain,
But Jesus will be there when no one remains.
He'll be your umbrella when you're out in a storm.
He'll be your blanket when you need to stay warm.
When you're lonely or sad, he'll be your friend, too.
There is nothing that Jesus won't do for you.
He died on the cross to show you his love.
He now sits at the right hand of our Father above.
There is hope in the future.
The sun will come out.
Your blessings await you.
That's what loves all about.
Take my hand. It's a good day.
The New Year is here.
Make the most of each day
As you keep Jesus near.**
