

This Is My Wish

**Can you believe that it's Christmas?
Oh my! The year flew!
Well, this is my wish and I pray it comes true.
I wish God would give you
Your own star above,
So at night when you'd see it, you'd remember you're loved.
You have always been there
For family and friends.
If you saw there was heartache, you would stay 'til it ends.
The only time I heard you
Ever say the word "no"
Was the time I said, "I'm okay. You can go!"
I wish words came easy,
But I hope you can see,
That you are "my" bright star and a blessing to me.
There's no way to repay you
For all the good that you've done,
But I pray that this New Year will be your very best one!
Merry Christmas with Love
and the Happiest New Year to You and Yours!**
