

## **This Is Your Special Day**

**Do not cry for things now lost  
For they were not meant to be.  
The good will come in it's own time,  
Just wait and you will see.**

**No one knows what God has planned  
Or the reason for the pain.  
We only have to trust in God  
And know it won't remain.**

**God never hurts His children,  
Though at times I know you doubt.  
He gave His own son for you  
To show what love's about.**

**Yesterday is gone for good  
So its time to walk away.  
There's so much good that waits for you  
This is your "Special Day!"**
