

This Life I Fear

**The days ahead are filled with heartache.
I must hold on and not lose my way.
In times of darkness I know God will guide me.
Please help me, Lord, make it through today.**

**My heart aches for days behind me,
Because in my past you were still here.
Death has called you home to heaven.
I know you're safe, but it's this life I fear.**

**I will cherish all God has taught me.
I'll remember our time now gone.
Though life is hard I'll keep believing
That one day I'll see you... no matter how long.
These words from God I'll carry with me.
In times of sorrow I won't let go.
Heavenly Father, I need you near me.
I'm in a valley and feel so low.**

**Through his stripes... I know I'm healed.
Through his death... I know I'm saved.
Through his grace... I am forgiven.
Through his love... the way is paved.
Life nor death can separate us. Jesus died to set us free.
I'll walk in faith and keep believing -
I'll see you again in eternity.**
