

### **Tiniest Angel**

**We never got to know you before you went away,  
Because God took you home to heaven where we'll meet another day.  
God said you're his tiniest angel and you needed to come home.  
For reason's that we do not know, you went where angels roam.  
Please know how much we miss you  
And though we may not understand,  
We will trust a God who's faithful and live the life that He has planned.  
He said that you'll be whole now so there's no need for us to cry.  
Only God knows all the answers to just why you had to die.  
Tonight when the sky is darkest and the stars all twinkle bright,  
We will see our tiniest angel with his wings reflecting light.**
