

You'll Find Love

**Happy New Year to you my friend.
May good tidings come your way.
May you feel the love of Jesus' arms
Each and every day.**

**When trouble knocks upon your door,
May you have wisdom so you will know,
You're not alone in this big ole world
And you can tell trouble, "It's time to go!"
This year will have its ups and downs.
That's no surprise to you.**

**One day you'll be on top of the world
And the next... step in do-do!
God has planned the believer's life
So there shouldn't be any surprises.
Sure you'll have heartache now and then,
But after darkness the sun always rises.
See this year through the Father's eyes.
Don't be afraid of what lies ahead.
It may seem filled with storm clouds and with rain,
But if you look you'll see love instead.
Now get up! Stand tall and be ready to live.
Enjoy everything come what may.
You're never alone in this life.
Keep looking up. God has planned your way.**
